

## Academy Classes - March 22 & 23, 2012

### **Decision Making for Initial Company Operations** (2-day Course)

The course is designed to develop the decision making skills needed by Company Offers (COs) to accomplish assigned tactics at structure fires. All activities and scenarios used in this course are based on structure fires. As a CO with the real possibility of being the first to arrive at an incident, the CO's initial decisions will have an impact throughout the entire incident. Pre-registration required.

### **Courtroom Preparation and Testimony for First Responders** (2-day Course)

This course will provide the necessary tools for all emergency responders who may be called upon for depositions and/or courtroom testimony relevant to facts witnessed on arrival at a scene as a first responder. This 2-day course will emphasize the importance of reporting factual events. It also will address the need to improve report-writing skills after witnessing an event, and oral presentation skills if asked to describe the event in a court of law. The intent of this course is to prepare all emergency responders, with emphasis on volunteer firefighters, to present.

**Note:** There is no cost to attend these classes and you do not need to be registered for the entire convention to attend them. Morning/ afternoon breaks and lunch both days is provided at no cost to the attendee.
